THEATRE, CINEMA, SHOW, LE LOCLE

# LIVELY NIGHTS

**During the festive season, Le Locle's Town Hall is transformed into a spectacular theatre of light. Created by the Ex Lumina artistic collective and inspired by the works of the Exomuseum, this video mapping show brings the façade of this iconic building to life through poetic animations and an original soundtrack. Discover a magical world celebrating watchmaking heritage, local traditions and regional identity, where past and present come together.**
