NATURE, VALLORBE - LE PONT

JURAPARC

What a delightful surprise to see wolves, bears and bison roaming in the Mont d'Orzeires mountain pastures overlooking Vallorbe in Yverdon-les-Bains! The animals in this vast unspoilt natural park are contented and roam almost free, while visitors can watch them without disturbing them from the walkways above the enclosures.

The stars of the park are the bears, George and Ursina, who regularly rear their young to the delight of the visitors, who simply adore the little balls of fluff.

Children are of course the number one fans of Juraparc, with its play area and farm animal shelter. The Canadian style chalet-restaurant serves fondues or other specialities – including buffalo meat – which can be enjoyed on the terrace and in the inside eating area, which can accommodate up to 200 guests.
