

HOTEL, BIENNE

ART DÉCO HOTEL ELITE

The ART DECO HOTEL ELITE is one of the leading hotels in the town and can look back over a long tradition. Following a change of ownership and renovation, the hotel opened again in summer 2015. The hotel has more than 70 rooms, including 9 suites, a wellness and fitness area of around 1,000 square metres, and offers a high degree of quality for business travellers in particular. Thanks to its central location, the hotel is appreciated by a wide spectrum of guests. High above the roofs of Biel is the rooftop Restaurant L'Entrecôte.

In summer, the restaurant offers a unique view from its roof terrace of the southern foot of the Jura Mountains as well as a large part of the town centre of Biel.

With its philosophy and management, the modern ****Business Hotel places particular importance on its personal service for guests. We celebrate the art of hospitality throughout the hotel to create special experiences.
