

GASTRONOMIE ET VINS, GRANDSON

# THE "MAISON DES TERROIRS"

In the centre of Grandson, near Lake Neuchâtel, the Maison des Terroirs is located in an old refurbished building which has retained all its charm and character.

Here, visitors can get all the information they need for a perfect holiday from the local tourism professionals. With wine tourism as its focus, the centre not only offers information about places to visit but also has local products for visitors to sample, like the truffle from the north of the region. Thanks to the proximity of the Bonvillars AOC vineyard, the Maison des Terroirs has a selection of the finest local wines which it serves to its guests, with delicious cheeses or cold meats as an accompaniment. With its welcoming atmosphere, the Maison des Terroirs is also a meeting place for the local population and visitors.
