TRUFFLE MARKET

The truffle market in Murten has become an unmissable event in the world of truffles in Switzerland. For two days, the exhibitors will make you taste this very delicate mushroom. The raw product will of course be the star of the market. A wide range of by-products such as pasta, fondues, spices and truffle-flavored rice will also be on sale at the more than 20 stands present throughout the weekend.

New!

Discover the finest wines of Vully winemaker Christophe Dupasquier while enjoying a tasting menu that combines the subtle taste of truffles with Vully wines. This tasting will take place at the Hotel Murtenhof & Krone. Book now!

In addition to the market, a tent will be erected in front of the French church. On Friday evening, November 15, the Moratan Loubeschranzer Association will be serving truffle fondues. Truffle risotto will also be served on Saturday and Sunday.

The big truffle evening will also be held again. Like last year, a 5-course menu accompanied by Vully wines will be prepared directly under the tent by great regional chefs. Places are limited and reservations will open during the month of August.

GOOD TO KNOW

- Parkings :
- Several parking lots are available to park your vehicle during your visit. We particularly recommend the following:
 - Parking Viehmarkt
 - Parking City Centre
 - Parking Murten Center
