

VACATION APARTMENTS, MT-CROSIN

BIENVENUE CHEZ LES QUADEURS

An old farmhouse renovated in 2022 with a very modern flat in the middle of the countryside. A workshop is located on the ground floor, so if you're on a bike, motorbike or quad, you can be helped out if you have any minor problems. The studio is a 10-minute walk from a bus stop leading to St-Imier or Les Breuleux-Tramelan. In winter, the bus stop is also the starting point for cross-country skiing. In summer, there are wonderful trails between Mont-Crosin and Mont-Soleil to discover the wind farm and solar power station, as well as the funicular linking Mont-Soleil to St-Imier. On the grounds, there is also a large play area for children, a large picnic table in the shade under the fir trees and a corner for making a fire and grilling.
