REGIONAL PRODUCTS, COURROUX

BLACK PIG BREWERY

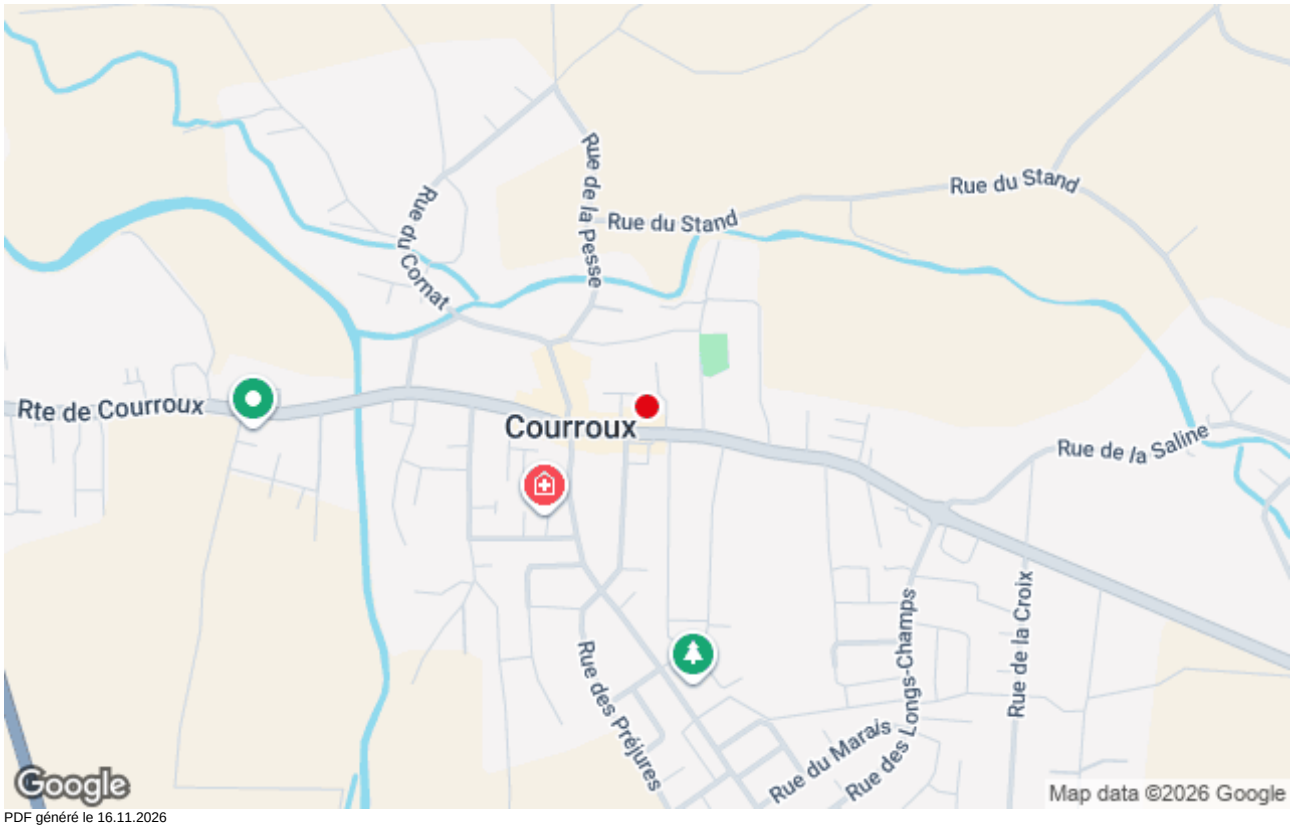

Founded in 2015, the Black Pig craft brewery is located in the centre of the village of Courroux. Its team of artisan brewers are particularly passionate about beers that are full of flavour. All the recipes are produced in small batches using traditional methods and top-quality malts and hops.
We offer a wide range of beers. The Black Pig brewery invites you to sample its various beers in its bar or at a tasting session by prior arrangement.
