BARS, ST-URSANNE

TONNEBIÈRE BREWERY BAR

Located in St-Ursanne, in a completely renovated century-old building, the Tonnebière brewery opens its doors to visitors for a tasting of its various craft beers.
Eight beers on draught, complemented by ephemeral brews to suit the mood and the season.

At the Brasserie's bar or on the pretty shady terrace, you can discover L'Apronne, the Parc du Doubs-labelled beer, whose ingredients come mainly from the park's territory.

The Tonnebière brewery also offers tasting tours by prior arrangement.
