

CULTURAL HERITAGE, ST-IMIER

CIRCUIT SECRET ST-IMIER

Enjoy privileged access to five mythical locations in Saint-Imier, while witnessing unique artistic animations related to their history. You can explore the EXPO ELECTRO or become familiar with the mechanism of an old water pump. All these spaces have been highlighted by the local artist Swann Thommen, who has immersed each location in a luminous atmosphere echoing the theme. Additionally, presentation panels at each stop provide more insight into the artistic intentions.
