

VACATION APARTMENTS, VILLAREPOS

ECO LOFT IN VILLAREPOS

The guests sleep in a wooden building insulated with straw and plastered with clay. Everywhere it smells authentic smell of wood. The guests drink filtered rainwater and the electricity comes directly from the solar panels on the roof. The garden is home exclusively to native plants, a flower meadow and herbs flower meadow and herbs - different flowers bloom depending on the season. The view of the wooded hills is both beautiful and calming.

The studio is accessible via its own entrance. You have 42 m² and a terrace at your disposal. The room is large, south-facing and flooded with light. Two large window fronts allow you a view of the garden and the wooded hill 'Bois de Chatel'.

The kitchen is fully equipped with hobs, oven and fridge, crockery, bowls and baking dishes. There is a dining table for 4 people, a sofa, two armchairs for cozy relaxation and reading hours and a Hüsler nest 180 cm wide.

The storage stove can be heated for cooler times. Wood is provided. Behind the kitchen is the bathroom with shower and WC. The bathroom is integrated into the studio and is private. In the small passageway in front of the bathroom there is a large cupboard. Three windows are fitted with mosquito screens and all windows can be darkened with blinds.
