

REGIONAL PRODUCTS, AUVERNIER

VISIT & WINE TASTING

Since 1603, the Caves du Château d'Auvernier estate has seen 15 generations passionately carrying on the family tradition.

A complete tour of the vineyards and cellars, plus a tasting session, will immerse you in this warm atmosphere.

The wine is the product of a year of creation, during which nature, the soil, the environment, the grape varieties, the growing techniques and then the cellaring all shape the character and identity of the wine.
