

NATURE TRAILS, PAYS DE NEUCHÂTEL

YAK INDRENI

From October to May, we take our tribe of yaks on seasonal journeys, in particular up to the mountain pastures in spring and the 'desalp' in autumn, to ensure their well-being and access to varied pastures. At the same time, we organise day-long walks to enable participants to discover the yaks in their natural environment, while enjoying local meals such as torr e or fondue. We cater for a variety of groups, adapting the activities to suit the age group, with special, safe moments of interaction with the yaks.
