# DISCOFOX

Discofox is a partner dance that originated in the 1970s. It is characterized by quick, flowing movements and is often danced to music in 4/4 time. The dance style combines elements of the Foxtrot and other Latin dances. Thanks to its simple basic step and ample freedom for interpretation, Discofox can be danced to a wide variety of music. It's a versatile dance that works with almost any song at a celebration or party.
