

WELLNESS, CHÂTEAU SALAVAUX

LA VIGNE - SWISS WINE THERAPY X CHÂTEAU SALAVAUX

Located at the heart of history, this sumptuous 16th-century château is now devoted solely to the delights of the table and hospitality. This is where the classic La Vigne rituals take place, adapted for the season when people like to snuggle up in a cosy setting. It all begins with a wellness foot treatment (bath and massage) by the fire, accompanied by a vintage wine lovingly cultivated by the local winegrowers on the slopes of Lake Murten. To complete this unique experience, you can then sample - if you wish - the Château's refined cuisine, its extensive wine list and - why not - the comfort of its luxurious rooms, steeped in history.
