# GRAVEL TRANS JURA

The route covers 400 kilometers and 11,000 vertical meters from Baden to Nyon, crossing countless Jura mountain ranges, offering incredible panoramas and impressively showcasing the untouched beauty of the Jura.

Whether luxurious hotel stays or nights on the camping mat and in the sleeping bag; everything is possible. Thanks to a detailed (digital) roadmap, the participants receive a documentation that allows them to change their own plans at any time and adapt them to the daily conditions and their own state of mind.
