

VACATION APARTMENTS, ERLACH

LES RÊVERIES - LOFT

While strolling through the cobbled old town of Erlach or climbing the steps to the castle, you will come across “Les Rêveries,” a historic house dating back to 1486.

Lovingly and carefully renovated, this 75 m² building combines the charm of bygone times with modern comfort. The heart of the apartment is the open kitchen, which flows into the living room – an inviting space that cleverly separates the two bathrooms and creates a harmonious atmosphere.

Facing south, the house opens onto an idyllic garden that invites you to relax in the midst of nature. A shaded terrace, ideal for peaceful and convivial moments, completes the enchanting setting.
