JURASSIC SPIRITS

In the heart of the Canton of Jura, where time has left its mark, the Jurassic Spirits distillery opens its doors for an extraordinary experience. Here, the alchemy works and Jurassic Gin comes to life, inspired by prehistoric landscapes and the thousands of dinosaur footprints that mark our history.

Come and share a convivial moment with friends, family or colleagues over an aperitif, in an atmosphere where local produce, tradition and creativity come together. During the immersive tasting session, discover the secrets of Jurassic Gin and be surprised by the signature cocktails. A unique sensory journey, lasting between 45 minutes and 1 hour, where every sip transports you to another era.

Awards:

- Bronze medal at the Swiss Regional Products Competition 2025
- Gold medal in Lausanne as one of the three best gins in Switzerland 2025
- Two gold medals and one bronze medal at international competitions
