SUP SWITZERLAND FLATWATER CHAMPIONSHIP 2025

In the Stand-Up Paddle Championship, participants compete in the following three disciplines:

- The sprint race starts on the beach immediate elimination, covering 200m, where athletes must paddle around a buoy as a checkpoint and paddle back to the shore.
- In the beach race, the candidates face a one-kilometer stretch near the coast. There are obstacles and checkpoints to navigate around here as well.
- As the grand finale, the long-distance race takes paddlers on a 12 km journey to Vallamand and Faoug, before returning to Salavaux.

Participants fight for the title of Grand Champion and a chance to secure a spot on the Swiss national team.
