KUONI TRAVEL BIEL

KUONI specialises in package holidays, offering seaside breaks, escorted tours, cruises, urban escapades and tailored-made trips. It works with well-known partners such as Club Med and international cruise lines. The agency also handles business travel requests via its Business Travel division. An experienced team takes care of planning and booking.

Kuoni also offers 'engage' travel offers, which meet specific sustainability criteria, including accommodation and tours designed to minimise environmental impact while promoting cultural exchange. The company works closely with local partners to develop offers that respect the communities and ecosystems visited.
