INDOOR GOLF CLUB

This project is based on the desire to offer a space for training, improving and having fun with indoor golf in the Nord vaudois region. A warm and functional space equipped with the latest technology in golf simulation.
??
The facility will provide :

- a golf simulation bay with Trackman 4 radar;
- a putting surface with a synthetic grass floor;
- a lounge area for up to 4 members who want to share a virtual golf course and/or watch professional golf tournaments on television;
- a bar area where customers can enjoy drinks and aperitifs.
