# FESTIVAL STAND'ÉTÉ 2025

A magnificent building, a site destined for cultural events – a true catalyst for shared dreams through a high-quality programme that has been enthusiastically followed during its seven previous editions in 2005, 2007, 2009, 2011, 2013, 2015, 2019 and 2023.

An artistic programme focused on opera, classical music, jazz, professional theatre, performances for young audiences, street theatre, dance and chanson, and visual arts.

A true pleasure of discovery – offered through original creations, professional productions, local and international artists, and young actors or musicians in training.
