LE REFUGE DU TRAPPEUR

Located at 1,100 metres above sea level, in the heart of the pristine Mont Raimeux landscape, the Refuge du Trappeur welcomes up to 6 guests in a rustic, cosy chalet. Surrounded by fields and forest, it offers wide views of the surrounding hills and maximum sunshine – ideal for a quiet getaway close to nature.

Partially renovated in 2024, the chalet features two comfortable bedrooms, a warm living area with lounge space, a fully equipped kitchen, and a bathroom. Outside, guests will find a charming setup with a fireplace and wooden seating – perfect for enjoying a barbecue or fondue in the open air.

It's an ideal base for hiking, snowshoeing, or simply relaxing in a tranquil atmosphere. Just 100 metres away, the Restaurant du Raimeux serves traditional dishes and farm products.

On request, breakfast can be delivered directly to the chalet by an external partner.

A welcoming place to recharge, unwind, and enjoy the essentials – for a weekend or more.
