

POINT OF INTEREST, BERN

CLAIRE & GEORGE FOUNDATION

The Claire & George Foundation is committed to making tourism in Switzerland accessible to everyone. It supports people with disabilities or limited mobility who wish to travel independently or with assistance. The team offers personalised advice and organises stays adapted to individual needs – accessible accommodation, on-site support, medical equipment or nursing care are all on offer. With a nationwide network of partners, the foundation enables travelers to enjoy a safe and worry-free stay. Claire & George serves as a bridge between accessibility, independence and the joy of discovery.

Thanks to its partnership with Tourism Biel Seeland, numerous barrier-free activities and accessible accommodations have been identified. Discover them using the “Biel Seeland” filter on the “Excursions” page or the “Jura & Three-Lakes” filter on the following page:
