# PROPHETIC SCHOOL OF MINISTRY 2025/2026

A school for prophetic vision. PSOM firmly believe that everyone has the gift of prophecy and can continue to develop it. John Sagoe (school director) and a team of guest speakers will teach from their own experience over seven weekends in seven months at the Prophetic School of Ministry. Prophetic School of Ministry 2025/2026

The host of the School of Ministry Switzerland is New International Church under the leadership of Apostle John E. Sagoe, the founder of the Prophetic School of Ministry. Since 2010, PSOM has been offering prophetic-apostolic training to win the world for Christ. The school is based on the Holy Scriptures of God and focuses on prophetic ministry that brings blessings, healing and deliverance. Interactive learning experiences with worldwide speakers and additional outreaches abroad are open to all. The school spans seven months, starting in September 2025, and everyone is welcome, regardless of spiritual background or theological knowledge.
