ERLEBELYSS

The #erlebeLyss discovery trails lead through diverse landscapes and playfully highlight the full variety of Lyss. With interactive content and exciting stops, each trail offers a unique experience – from cultural highlights to nature-based routes and family-friendly bike rides.

All trails are free and accessible year-round.

Easy to use – engaging content

All you need to participate is a smartphone with an internet connection. With a virtual map and route suggestions, visitors are guided from one station to the next. When within 10 to 15 meters of each station, digital content automatically appears on the website open on the smartphone. This way, participants are guided step by step through the trail.
