

EVENTS, GLETTERENS

CERAMICS WEEK

Ancestral gestures, raw clay and shared know-how: students, potters and craftsmen bring Neolithic pottery back to life. The workshop comes to life between experimentation and transmission, offering a unique immersion experience. A fascinating opportunity to learn about or simply admire an age-old art form.

- Sunday, August 16: Pottery firing as in the early days of ceramics.

OPENING HOURS

From 9 Aug 2026 to 16 Aug 2026

Monday - Saturday
Sunday

10:00 - 17:00
