FUN & ADVENTURE, LA BRÉVINE

THE WOODCUTTER'S WORKSHOPS

Want to get off the beaten track? This supervised activity, offered on a typical farm in the Brévine Valley, immerses you in a fun and rustic world. You will be welcomed by the owners in traditional dress and introduced to axe throwing, old-fashioned sawing and archery.

Other activities are also available depending on the season, all in a green setting, both indoors and outdoors. After a brief presentation of the safety rules and techniques, everyone can try their hand or improve their skills in a friendly atmosphere.

This activity is suitable for all ages, and is perfect for an outing with friends, a team-building exercise or a stag or hen party.
