LES DIGITALES FESTIVAL

The Digitales festival is an electronic and experimental music event that takes place on the lawns of various parks in Switzerland. The artists on the programme vary according to the tastes of the cities hosting the festival, but all share a passion for breaking new musical ground.

Les Digitales are afternoons of curious relaxation. They're a haven of greenery in the heart of the city, where you can let yourself be carried away by the most diverse sounds, sitting in deckchairs or lying on the ground. In Bienne, Les Digitales explores a new urban space: the park of the Palais des Congrès. At the foot of the giant glass façade of this Brutalist monument, the music of the machines will be mixed with the tranquillity of an oasis of nature in the city.

As well as the festival, a Helvetiarockt workshop is on offer for finta.
