

REGIONAL PRODUCTS, COURTÉTELLE

EPICERIE KILOMÈTRE ZÉRO

In Courtételle, the Épicerie Kilomètre Zéro invites you to discover the best of the Jura region's local produce through short supply chains. Located within the Agrocentre, the shop offers a selection of organic, local, and seasonal products grown and processed within a limited radius to ensure freshness, transparency, and environmental respect.

Every product on the shelves comes directly from regional producers who are members of a cooperative comprising more than sixty certified organic or IP-Suisse farms. From fruits and vegetables to legumes, cereals, household items, craft beverages, and even pet food – everything is designed to encourage responsible and sustainable consumption. Many products are available in bulk, helping reduce packaging while offering customers more freedom of choice.

This grocery store represents a committed and innovative approach that has gained national recognition. It was awarded the Grand Prix Bio Suisse 2024 for its exemplary role in promoting local agricultural value chains.

An authentic stopover for any visitor wishing to experience the richness of the Jura while supporting a sustainable and local agricultural economy.

OPENING HOURS

Monday - Friday	07:30 - 12:30 14:30 - 18:30
Saturday	08:30 - 16:00
