PUNK? PUNK! VOL. 3

LIVE CONCERTS BY Must Be Wrong Fast Melodic Punkrock from Switzerland!

This young band, known for its fast-paced, energetic and humorous concerts, has shared the stage with bands such as Authority Zero, A Wilhelm Scream and Belvedere! It revives the golden age of skatepunk with a touch of HxC.

Up the Youth Punx

Anger Mgmt. ANGER MGMT. The band's name says it all. Here, music serves as an outlet to transform anger into something creative. Contemporary, hard, rough, with rough edges, but nevertheless catchy, with a slight melancholic touch. Post-punk, punk, grunge, garage rock... An explosive mix with a lot of punk rock DNA.

God in Therapy God in Therapy is a project by four flatmates who decided that working sucks and now want to become rock stars. Let's hope so. Together, they play energetic alternative rock with punk influences.

Afterparty with DJ! After the concerts, the party continues with a big afterparty and DJ sets! Stay, drink and party until the end of the night!
