FAMILY, KERZERS

PUMPKIN LIGHTS IN THE HERB GARDEN

A festive autumn highlight for the whole family:
On Sunday, October 26, from 1 p.m., the pumpkin workshop opens its doors. Children and adults will have the chance to carve their own pumpkins under the guidance of artist Alexandra. In a cozy and welcoming atmosphere, imaginative faces, patterns, or figures can be created — there are no limits to creativity.
The finished artworks will be displayed in the beautifully decorated herb garden, adding to the seasonal ambiance. For those who prefer to carve at home, pumpkins can be picked up on the day of the event and returned later for inclusion in the exhibition.
On Thursday, October 30th, at dusk, between 6:00 and 6:30 p.m., the candles in the pumpkin lanterns will be lit, creating a magical atmosphere in the herb garden.
