HORS-FORMES 2025

Hors-Formes is back for its third edition!

This exhibition showcases illustration and ceramics.

Building on the success of the previous two years, the creators are continuing the adventure and gradually turning the Hors-Formes collective exhibition into an unmissable end-of-year cultural event in Biel.

In contrast to the grey winter weather, the exhibition presents a collection of bold and poetic creations: paper cut-outs, ceramic companions, plant landscapes, colourful linocuts and vibrant illustrations.

Alongside unique works and pieces from their usual collections, a boutique area offers creations to give as gifts.

You will find greeting cards, functional ceramics, colourful prints and original drawings. This exhibition offers a moment outside the norm, celebrating unique pieces by a women's collective from the Biel region.
