

GUIDED CITY TOUR, NEUCHÂTEL

DISCOVERING THE FRESCOES OF KESH

Dive into Kesh's world in the heart of Neuchâtel. This urban route invites you to explore mural artworks located in several streets: Port of Neuchâtel, Passages des Moulins, Rue des Fausses-Brayes or du Neubourg, and Passage des Boucheries. The atmosphere combines historical heritage with modern creations, turning the urban space into an open-air gallery. The tour can be explored independently or experienced through a guided visit with the artist for a deeper immersion. Whether as a couple, with family, friends, or in a group, this artistic walk offers a fresh perspective on the streets of Neuchâtel.
