META MARIE LOUISE FEAT. REA (CH)

Meta Marie Louise feat. REA (Avant Garde Trip Hop)

Besides collaborating as a producer and musician with a diverse spread of musicians and artists, she's the lead voice and guitar player of Omni Selassi and works as a Solo artist called REA. Together with Yannick Mosimann, a film artist based in Berne, she co-founded the virtual exchange platform YR, which has dedicated itself to the ongoing exchange of its creative processes and focuses on the conscious abolition of any type of judgement - what emerges is a growing collection of inner and outer realities by way of image, sound and text. Furthermore she works as a producer and composer at Studio SUZE in Biel/Bienne, as well as for mastering productions at Centraldubs, Berne.
