# COLLAGE - RAHEL BÄRTSCHIGER

Rahel Bärtschiger is a self-taught collage artist who lives and works in Biel-Bienne. The raw materials for her work are her VOGUE collection, which she has been building for over 20 years, and adhesive tape. The images are created in an intuitive, introspective and often meditative process. They reflect her inner world and its landscapes. At Ruelle8, she will be exhibiting a new selection of pictures every week (Sat-Mon) in February. During opening hours, she will be working on a collage, making the creative process visible.
