# BIEL SHORT FILM NIGHT 2026

For the 23rd time, Short Film Night is touring 28 cities across Switzerland, bringing short films to the big screen for one night only. Each city will host a local premiere attended by the filmmakers. Afterwards, moderated discussions will offer insights into the content and technical aspects of the films and create space for exchange and discussion. The audience can look forward to four carefully curated programmes featuring national and international short films of various genres.
