

FUN & ADVENTURE, COURRENDLIN

# GIULI PARC

GiuLi Parc is an indoor play area located in the center of Courrendlin, in the heart of the Swiss Jura, easily accessible from Delémont and nearby towns. It offers safe play structures for toddlers (ages 0–3) and dynamic installations for children up to 12 years old, including slides, a ball pit, climbing wall, football field, adventure course, and a snookball area on the upper floor.

Birthday packages are available with a private space, personalized cake, and unlimited syrup — perfect for celebrating with family or friends in a joyful atmosphere. A café corner and small restaurant provide a comfortable break while the children play, with a daily menu offered from Monday to Friday.

This indoor venue is ideal in any season to encourage activity, motor skills, and smiles from young visitors — all in a safe and welcoming environment.
