FRIBOURG CANTONAL WRESTLING FESTIVAL 2026

The year 2026 holds particular historical significance for Murten: it marks the 550th anniversary of the Battle of Murten, an event that has had a lasting impact on the history of the region and of Switzerland as a whole. This important anniversary will also be duly honoured as part of the Swiss Wrestling Festival. A specially designed supporting programme will bridge tradition, history, and contemporary sporting spirit, giving the event a unique dimension that distinguishes Murten as a host region.

As a host location, Murten combines the historical prominence of the Lake District with the vitality of a modern, open society. Its picturesque old town, its location on Lake Murten, and its renowned hospitality provide ideal conditions for an event whose impact extends far beyond the sporting competitions themselves.
