

MOUNTAIN BIKE, SAINT-URSANNE

# THE MOBILITY HUB

In the heart of St. Ursanne, the mobility HUB is a site dedicated to bicycles.

You can rent a parking space there to keep your bike under shelter and safe during your stay in the medieval city. The premises also offer cyclists facilities for re-inflating tyres, doing repairs, washing or even recharging their bikes. Everything is in place to ensure that you can keep your bike in the best condition.

Cycling items can also be purchased independently in the self-service shop.
