# CHASSERAL TRAIL RUN

With the Chasseral Trail Run, the region gains a new long-term sporting highlight. A fixed timing installation on the legendary Chasseral ridge allows running enthusiasts to measure their performance independently.

From 1 May to 3 October 2026, you complete the route at your chosen time between Hotel Chasseral and Place Centrale, returning to the starting point. Movement, timekeeping and a close-to-nature experience come together in this sporting challenge.

The fastest runner on this demanding course wins. Whether you are an experienced trail runner or looking for a new personal goal, the Chasseral Trail Run offers a unique running experience in the Jura region.
