SATINO SOLO SESSION (BDAY EDITION)

On 21 March, it's going to be personal. Real. Intense. Unforgettable.

Satino is celebrating his 50th birthday – and giving you the gift he loves most: music.

No guest DJs. No show. No distractions.

One whole night. Satino solo. In the middle of the boiler room – right on the dance floor.

House. His favourite tracks. His story in sound.

From deep grooves to energetic peak moments.

You won't be standing in front of the stage.

You'll be right in the middle of it.

Close to the DJ. Close to the music. Close to the moment.
Celebrating 50 years of passion, experience and dedication to electronic music – intimate, authentic and at the highest level.

This night is limited. Exclusive. For friends, companions and everyone who understands what music really means. Not a mass event. But an experience.

SATINO UP CLOSE. BOILER ROOM VIBES. PURE HOUSE ENERGY.

Those who are there will feel it. Those who miss it will hear about it.
