RELEASE PARTY FOR THE 4TH ALBUM “MISTER MOON” BY MAKEL & FRIENDS, FEATURING SPECIAL GUESTS

With their now fourth album “Mister Moon,” Makel & Friends return with great energy – and of course once again live at Kreuz Nidau. The new release is already being celebrated as their strongest yet and consistently continues their unmistakable folk-rock sound.

Varied, multilingual, and witty, Makel & Friends delight their audience with great joy in performing and an impressive stylistic range. Between subtle nuances and rousing energy, they once again show themselves to be authentic, approachable, and full of passion. And they are still having just as much fun as on the very first day.

Special guest Seeland dialect rock musician George will perform, together with his guitarist Manfred Udry, who also collaborates with Makel & Friends. In addition, a classical string ensemble will accompany several songs by Sam Makel, giving them a distinctive sonic depth.
