FUN & ADVENTURE, DEVELIER

BATTLE ROOM

In Develier, the Battle Room offers an immersive experience designed for groups looking for challenges and entertainment. In this unique indoor space, you take on a series of varied challenges combining thinking, coordination and teamwork.

An interactive wall, music quiz, strength and precision challenges, as well as games of chance, set the pace of the activity in a playful and unconventional atmosphere. Each challenge brings surprises and encourages participants to push themselves while having fun.

Accessible from age 10, this activity is perfect for outings with friends, birthdays or team-building events. A facilitator accompanies the group throughout the experience, energising the activity and ensuring a friendly atmosphere in the heart of the Jura.
