CYANOTYPE WORKSHOP: BLUE, THE COLOUR THAT BRINGS IMAGES TO LIFE

On the occasion of the Biel/Bienne Photographic Days, the Photoforum Pasquart is organizing a workshop specially designed for children.

A ray of sunshine, photosensitive paper, water—and images that appear before our eyes. In this workshop, children rediscover one of the oldest photographic techniques: cyanotype.

OPENING HOURS

The 13 May 2026
Wednesday

14:15 - 16:00
