

PLAYGROUND, LA CHAUX-DE-FONDS

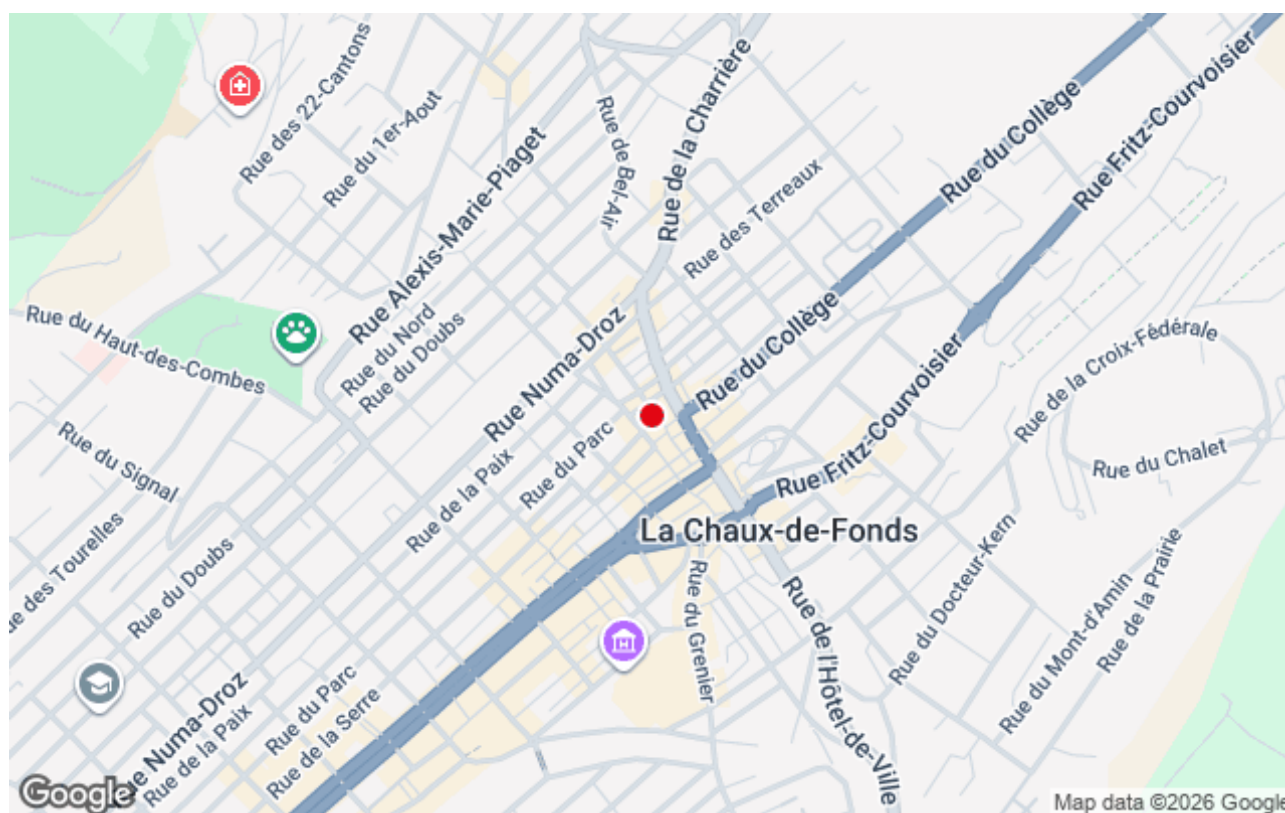

LES LILAS PLAYGROUND

Completely redesigned, this playground becomes a lively and welcoming meeting place in the heart of the city. Inspired by the world of the beehive, it features a large central structure shaped like a bee, connected to climbing ropes for exploration and fun. Younger children enjoy a variety of play elements, while an inclusive swing invites everyone to join in. Enhanced safety, new facilities and a green setting promise shared moments for all.
