EXPOSITION "RICHESSSES INVISIBLES"

This exhibition is the result of a collaboration between the three recognized Churches of the canton of Neuchâtel, carried forward by Gaël Letare, deacon of the EREN and one of those responsible for the solidarity and street outreach chaplaincy of La Chaux-de-Fonds, the photographer Olivier Muriset, and the author Rémy Olivier.

Born from encounters with people living in precarious circumstances, this exhibition brings together photographs and poetic texts to invite a fresh perspective on realities that are often invisible in Switzerland. In the stillness of this place, these faces and stories remind us that behind every image lies a person, a story, and a dignity.

By bringing together their perspectives and skills, the partners of this project hope to raise public awareness, foster encounter and dialogue, and encourage everyone to move beyond indifference in order to recognize the human richness that surrounds us.
