GOLF INDOOR PERFORMANCE

With five TrackMan 4 simulators and various technologies dedicated to golf performance such as RoboGolfPro, RoboFAR, SAM PuttLab, Smart2Move, and biomechanical analysis, the venue offers state-of-the-art equipment to practice and perfect your golf game. Indoor golf, lessons with a Swiss PGA professional, coaching, fitting, and swing and putting analyses allow everyone to develop their game. Events and team-building activities can also be organised there.
