

REGIONAL PRODUCTS, LE NOIRMONT

SAVURANDO - DOUBS NATURE PARK

Setting off from Le Noirmont, discover the characteristic landscapes of the Franches-Montagnes, with their wooded pastures lined with fir trees and home to horses roaming in semi-freedom. Along the Savurando in the Doubs Regional Nature Park, participants are invited to solve puzzles in order to continue their adventure and discover the location of the next gastronomic stop. At each stop, walkers are given a regional speciality or a local product to put together a picnic to enjoy along the way.

The treasure hunt is accessible to people with reduced mobility and strollers.
