LECTURE BY CANDICE BRAAS- LE SOUFFLE SACRÉ DES TOUT- PETITS

Candice Braas is the author of the book "Le Souffle sacré des tout-petits".

Through more than forty accounts of profound and authentic sessions, Candice Braas, a perinatal kinesiologist and intuitive therapist, gives voice to the babies and children she has been working with for the past decade.

What they reveal is deeply moving: persistent pain, unexplained ailments, and physical or emotional blockages are sometimes the silent echoes of past lives, transgenerational memories, stories of unfinished souls, or profound life forces.

This book invites us to listen in a new way, to embrace the immense wisdom carried by very young children, and to honor their role as guiding lights who, through their incarnation, help us heal—them, us, and our lineages.

During this evening event, Candice will honor us with her presence to share her own story, her personal experience, and her rich journey working with families. We will also encourage discussion and dialogue.

The event will be followed by a reception where you can purchase Candice's book and have it signed.

OPENING HOURS

The 20 Nov 2026

Friday

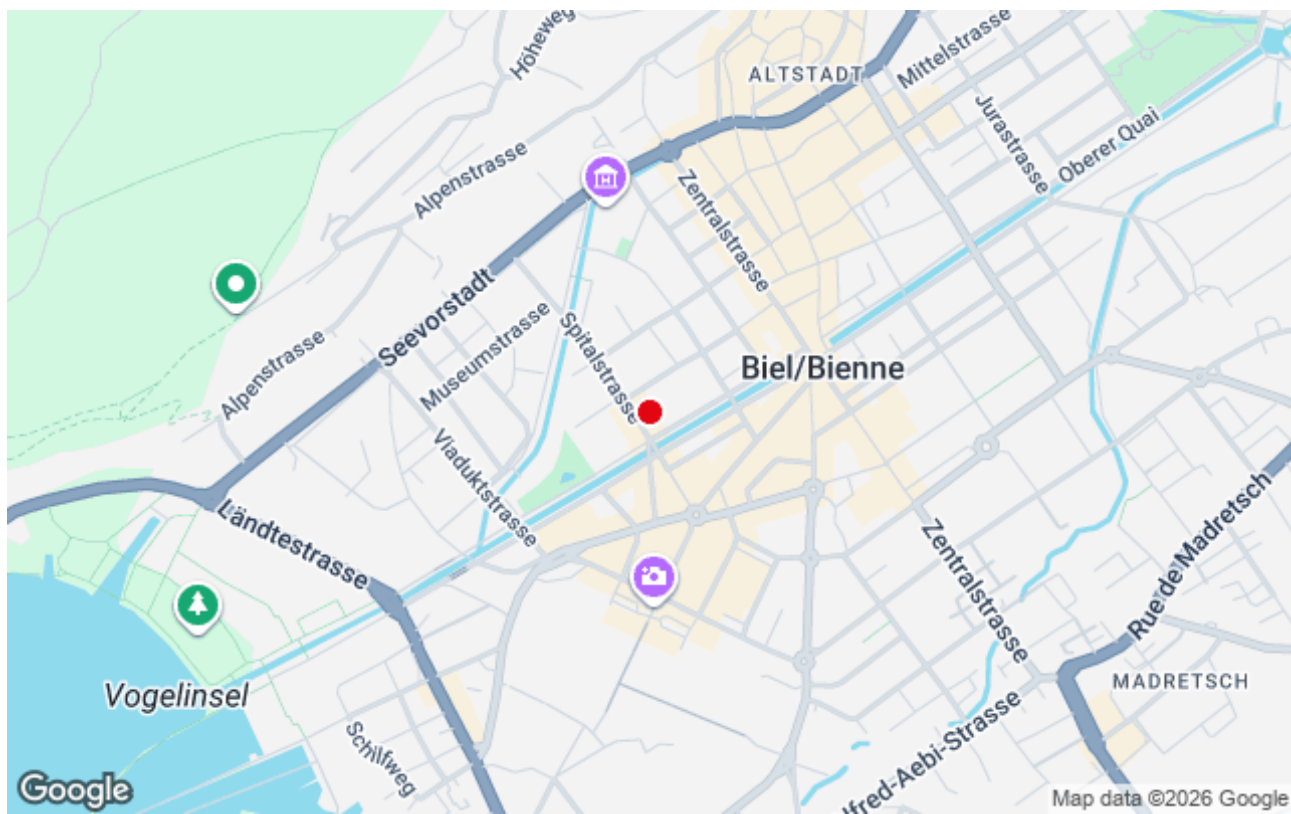

19:00 - 21:00

CONTACT

Cabinet Luna - Association Graines de Vie
