CHASSERAL SHUTTLE SERVICE

In winter, the Hôtel Restaurant Chasseral is open from Wednesday to Sunday (except during the annual holiday closure). Please make sure to check the current opening hours on our website.

In winter, Chasseral can only be reached by car from the southern side via Lignières / Enges – and only when the access road is officially open.
Please be sure to check the road status indicator on our website. It provides information on whether the road is open, snow-covered or closed. When the road is closed, access by private motor vehicle is strictly prohibited. In winter, use of the road is always at the user's own risk. For our hotel guests and groups, we offer a shuttle service by prior reservation, made sufficiently in advance, using our hotel minibus, snow groomer (Ratrac) and tracked quad bike.

Important additional information about road closures:
Southern side from Nods: The section of road between Nods and the junction in the forest (towards Chasseral) remains permanently closed throughout the winter.
Northern side from Les Savagnières: The road between Les Savagnières and the Col du Chasseral also remains permanently closed throughout the winter due to ski lift operations and avalanche risk.
? Access by private vehicle is therefore only possible via Lignières / Enges – provided that the road is officially open.

Shuttle service when the access road is closed:
If the access road via Lignières / Enges is also closed, we are INTRODUCING a new shuttle service FROM WINTER 2026/2027, available by advance reservation and subject to availability, departing from Nods or Lignières.
Depending on weather conditions, snow conditions and road conditions, transport will be provided using our hotel minibus, snow groomer (Ratrac) or tracked quad bike. The exact meeting point and means of transport will be arranged in advance.
Important: When the access road is closed, it is not possible to reach the hotel using your own vehicle. In this case, guests must use our shuttle service or arrange their own ascent and/or descent (for example, on foot, with snowshoes or touring skis).

PRICES
